

# Consumer Action - Fraud Bingo

## What you will need to play Fraud Bingo

- ✓ **Fraud Bingo game cards** (one card per person or one per 2-3 people if playing in teams)
- ✓ **Game Markers** (15 per player).
- ✓ **Fraud Bingo Questions** (cut out Fraud Bingo questions below to select randomly)
- ✓ **Fraud Bingo Game Cards** (50 different Fraud Bingo game cards are provided)

## Tips

### **For game markers**

Use buttons, dried beans, small candy or Cheerios. (If using edible food as markers, keep players dietary needs in mind.)

If none of these things are available, use a pen, pencil, or marker to mark out the answers on disposable game cards.

### **Game cards**

Copy Fraud Bingo playing cards on card stock if using more than once, or laminate the cards if possible.

### **Playing in teams**

You may want to pair up players so 2-3 people can find answers on their game card as a team. Team playing creates discussion and learning can be gained in the process for those who may not know the answers.

## How to Play

Pass out game cards, which contain answers to the fraud questions that the “caller” (trainer or another class participant) will draw at random and call out corresponding to the five letters in the word F-R-A-U-D.

The first player who gets five answers in a vertical, horizontal or diagonal row on their Fraud Bingo game card wins the game.

Another version of the game is Fraud Bingo “blackout” in which the winner must have all the answers on the game card filled.
